

Courses of Study in Wisconsin Schools of Agriculture and Domestic Economy.

In last week's Progressive Farmer we gave an extended description of the county schools of agriculture and domestic economy recently established in Wisconsin. Wilson County Alliance.

Editor of The Progressive Farmer:

The Wilson County Alliance met with Pleasant Grove Sub Alliance October 14th, 1903. The meeting was a grand one. Bro. T. B. Parker and Bro. H. M. Cates had the pleasure of addressing an audience of 1,500 to 2,000 people, a good number of whom were Alliancemen.

Brother Parker first took the stand and forcefully addressed the people. His remarks were based on Sabbath School work and the necessity of organization among the farmers and laborers of the State. After Brother Parker had talked awhile, Brother Cates then took the stand, and for an hour or more displayed his eloquence upon the same subject, after which dinner was served. And we must say that the good ladies of the community must see and feel the need of organization, for they had taken great pains and a lot of trouble in preparing a dinner which was enjoyed by all. After dinner was over the Alliance met to transact business, which was done in a brief manner.

Lecturing was called for. Voices all over the hall went up "Parker, Parker," and there was much pleasure at the encouraging words that fell from the lips of the speaker.

After business was gotten through with, the Alliance adjourned to meet with Lucama Sub in January, 1904.

We were glad to have Brother Cates to remain with us some four or five days and do some lecturing in the county.

Brethren, can we stand idle when organization is so much needed? Was there ever a time when organization was more needed among the laboring class of people?
